OUR TIPS AND TRICKS

- Share the map and meeting point with your guests so that everyone knows where to gather.
- Try putting an earlier time on your invitations so nobody misses out on all the fun!
- Your package includes your price for the whole day. Why not come early or stay after and explore! Remember children must be supervised at all times throughout the zoo and aquarium (including the playground).
- On busy days, Carpark 1 may be full. Consider getting the children dropped off at the bus stop to avoid having to park.
